OGAN, May 13.—The big chief and his band fell prey to Stoney's In-Chicago nts this afternoon, the home Boston ... inning the game by a score of Brooklyn fants this afternoon, the home to 4. Logan's last half remaining un-The contest was the best seen ad laning. For the first six mangs had the Salt Lakers completely at its mercy, and it looked like a shut- at but in the seventh, one hit, one the seventh, one hit, one sto score three runs. Richards degited the local fans by his good th in working out of exceedingly

tight places.

Thomas, for the visitors, pitched splendid ball. Pace and Clifford did very clever work, especially in nailing foul flys. Brilliant running catches, were made by Margetts, Taylor and Schiis. During the game Borchers get into a wrangle with Umpire Harkness over a new ball that was put in play. and was fined \$5 for talking back,

The Summary (Official.)

Colorado Springs South Paw Will Arrive the Latter Part of the Week.

just signed a crackerjack left-hander. The south paw is none other than Carl Lempke of the Colorado Springs Western league team. He has been playing with that aggregation since the opening of the season, and final arrangements were made yesterday to get him here. Manager Everett of the Colorado Springs team had five left-handers on his string, and after considerable correspondence between himself and Weaver consented to let the Lagoons have Lempke. Transportation was forwarded last night and the new pitcher is expected here in time to pitch one of the games against Ogden the latter part of this week. Lempke pitched for the Colorado School of Mines for four years, which was considered the fustest amateur organization in the state. They won the interscholastic pennant last year, and closed the season by defeating the Colorado Springs Western league team, Lempke doing the twirling. The south paw is none other than Carl

Slight Injury by Frost.

Section Director Murdoch of the weather bureau in his weekly crop bulletin, issued May 13, says:

"The week ended May 12 was unusually warm, the everage excess of temperature being about 7 degrees. There was very little cloudiness, but light, local showers occurred over the state the latter part of the week. The heavy frost, which occurred on the last day of the preceding week, killed strawberry blossoms in some localities of the northern portion, but did practically no damage to other fruits and crops. The warm weather was just what was needed, and all vegetation made very rapid growth. Wheat, barley, oats and alfalfa are in excellent condition. Feed on the ranges has greatly improved. Sugar beets came up nicely, and will soon be ready for thinning. Potato planting continues and corn planting has begun.
